Gender: Male

Education

Dohuk Polytechnic University – Technical College of Administration – Information Technology Management dept. 2020-2024

Summary

Motivated and dedicated professional with strong commitment, initiative, and a solid work ethic. Known for being reliable under pressure and adaptable to fast-paced, multicultural environments. Brings over three years of experience in creative design and teaching, with proven ability to work independently or as part of a team. Seeking a responsible career opportunity where I can leverage my skills, training, and passion for technology and design to contribute meaningfully to organizational success.
